## Profile Summary

As a forward-thinking and detail-oriented web developer, I am currently in my third year of pursuing a degree in Information Technology. Proficient in the core building blocks of web development—HTML, CSS, and JavaScript—I specialize in creating dynamic and engaging user interfaces using React.

## Relevant Skill

- HTML/CSS
- JavaScript
- Tailwind
- React

## Professional Skill

- Problem Solving
- Knowledge in licensing of the software  
CorelDRAW, Canva
- Leadership

## Education

### CGPIT, UKA TARSADIYA UNIVERSITY

2021-2025

B.tech in Information Technology (CGPA : 8.0)

### P.P. SAVANI VIDHYABHAVAN

2019-2021

HSC - GSHSEB (Percentage : 79.84%)

## Projects

### Job Portal | MERN Stack | Individual

- Developed a job portal using the MERN stack. The portal features a sophisticated search filter, enabling users to refine job searches based on specific criteria. Implemented a user-friendly job posting system, allowing employers to submit detailed job listings.
- Additionally, integrated a responsive table format to display the number of job applications for each posting, providing a quick overview for employers.

### Password Generator | HTML, CSS, JS | Individual

- Developed an interactive Password Generator webpage using HTML, CSS, and JavaScript.
- Implemented a real-time password strength indicator, providing visual feedback on the strength of the generated password. The strength is displayed dynamically, adjusting the color to indicate whether the password is weak, medium, or strong.

### Razorpay Website Clone | TailwindCSS | Individual

- Developed a responsive and visually appealing clone of the Razorpay website using HTML and Tailwind CSS. Implemented key features, such as a secure payment gateway, user authentication, and an intuitive user interface.
- Gained hands-on experience in web development, understanding the importance of responsive design.

## Interest

- Continuous Learning
- Creating Creative Design
- Monitoring stock market.
